

Bug Report: SauceDemo UI Automated Test Failures

Project: SauceDemo UI Testing

Reporter: [Your Name]

Date: 2026-01-17

Environment: Chromium, Firefox, WebKit

1. TC-013: Cannot add product with broken image (problem_user)

- **Test File:** products.spec.js
 - **Browsers Affected:** Chromium, Firefox, WebKit
 - **Severity:** Medium
 - **Type:** Known Bug
 - **Steps to Reproduce:**
 1. Log in as problem_user.
 2. Navigate to the products page.
 3. Attempt to add a product that has a broken image.
 - **Expected Result:** Product should be added to the cart successfully.
 - **Actual Result:** Product cannot be added due to broken image.
 - **Notes:** Issue reproducible across all three browsers.
-

2. TC-014: Sorting Z-A does not reorder correctly for problem_user

- **Test File:** products.spec.js
 - **Browsers Affected:** Chromium, Firefox, WebKit
 - **Severity:** Medium
 - **Type:** Known Bug
 - **Steps to Reproduce:**
 1. Log in as problem_user.
 2. Go to the products page.
 3. Apply sorting "Name: Z to A".
 - **Expected Result:** Products should be sorted correctly in descending order.
 - **Actual Result:** Sorting does not reorder products as expected.
 - **Notes:** Issue reproducible across all three browsers.
-

3. TC-015: Products load slowly for performance_glitch_user

- **Test File:** products.spec.js
- **Browsers Affected:** Chromium, Firefox, WebKit
- **Severity:** High
- **Type:** Known Bug
- **Steps to Reproduce:**
 1. Log in as performance_glitch_user.
 2. Navigate to the products page.
- **Expected Result:** Products should load within acceptable time (<5s).
- **Actual Result:** Products take ~30s to load.
- **Notes:** Issue reproducible across all three browsers.
